EDUCATION

Indian Institute Of Information Technology, Lucknow

Masters in Data Science : SGPI : 9.18

Dyal Singh College, Delhi University

Bachelors in Mathematics : CGPA:8.986

Lucknow, India

2023 – 2025

Delhi, India

2020–2023

PROJECTS

YouTube Comment Sentiment Analysis Chrome Extension | [↗](#)

Instant YouTube Sentiment Insights: Analyze Comments in Seconds, Not Hours.

- Saves over 90% of time by delivering **sentiment analysis** results in seconds, eliminating the need to read hundreds of comments manually.
- Instantly **categorizes comments** as positive, neutral, or negative, offering **immediate insights** into public opinion.
- Provides easy-to-understand **visual summaries** for quick analysis of sentiment distribution and trends. [↗](#)
- Empowers users—marketers, creators, analysts—with structured data and **top comment insights** to make informed content or engagement decisions.
- **Tech Stack:** Python, Pandas, Machine Learning, JavaScript, Postman.

Elevating Real Estate Insights through Innovative Data Science Solutions | [↗](#)

Streamlining House-Hunting with Accurate Price Predictions and Personalized Property Recommendations

- Launched a data-driven **pricing model**, attracting 100+ clients in the first quarter.
- Built a **recommendation system** that reduced user search time by 40%.
- Enhanced **neighborhood analysis** visualizations, increasing user engagement by 20%.
- Developed a **Docker image** for the House Price Prediction System, enabling **seamless deployment**. [↗](#)
- **Tech Stack:** Python, Pandas, Machine Learning, Streamlit.

Advanced SQL Analytics and Insights | [↗](#)

Skill Enhancement | Experience Application | Insight Development

- Enhanced a **laptop dataset** using SQL by addressing null values, normalizing columns, and **Feature engineering**, improving data quality by 30%.
- Optimized a Swiggy dataset with **advanced SQL** queries, increasing data accuracy by 25%.
- Analyzed **data science job** trends using SQL, improving trend accuracy by 30% through **insights** on salary, remote work, and employment patterns.
- **Tech Stack:** *MYSQL, EXCEL*

Emergency Room Dashboard Enhancement | [↗](#)

Enhanced healthcare dashboard to improve data accuracy and decision-making.

- Streamlined **healthcare** decision-making by optimizing an Emergency Room dashboard, improving **data readability** by 30 %, and **reducing misinterpretation** by 25 % through enhanced heatmaps

SKILLS

- **Programming Development:** C++, Python, SQL, VS Code, Git/GitHub, Jupyter Notebooks, Google Colab
- **AI Machine Learning:** PyTorch, TensorFlow, scikit-learn, NumPy, Pandas, Matplotlib, Seaborn, LLM, RAG, NLP, Deep Learning, MLOps, Mathematics, Statistics
- **Cloud :** Microsoft Azure (Data Lake, Data Factory, Synapse), Databricks, PySpark, Docker.
- **Business Intelligence:** Power BI, Microsoft Excel, Data Visualization Analytics, Dashboard Development
- **Core Competencies:** Problem-Solving, Analytical Thinking, Collaboration, Adaptability, Research-Oriented

EXTRACURRICULAR ACTIVITIES / ACHIEVEMENTS

- Achieved an All India Rank of **690** in **IIT JAM 2023**, showcasing proficiency in mathematics.
- Demonstrated **SQL** proficiency by solving 50+ problems on **LeetCode** and completing Basic, Intermediate, and Advanced SQL challenges on **HackerRank**.
